We can make the 2:30 show if we leave no later than 10 a.m. I am good with that.

BTW, I am sending out a reminder for the meeting with an agenda. This is what I have for you:

- ATSDR update – David Dorian, ATSDR Env. Health Scientist

That o.k?

Robert, do you think we can leave in time to make a 2:30 tour?

If not, I can try to rent a car . . . (not ideal, but possible)

Thanks much!

David

Hello David,

I think we are all set for our public meeting this Thursday September 29th. If you would like a site tour we could probably do a quick drive through around 2:30 pm that day. There not much activity going on at this time but I can show you the points of interest.

I have copied CFAC/Glencore to make sure they're fine with our timing.

Mike

Sounds good. 15 minutes is good, I can fit whatever time frame you provide.

Do you think we could tour the site either in the morning or on the day before?

Thanks! David

Hello David,

It hasn't been finalized yet, but we plan on having a Public meeting in Columbia Falls at the Jr. High "Café-atorium" on Sept 29th. Figured you would like to know. We will save some time for you if you would like.

Hi Mike,

Don't forget to let me know if you want me up soon for public meeting. I have a TA approved, but will need a few days to change the dates.

Best,

David
